

Rainbow Network offers individuals and congregations the opportunity to bond with a student, a family or a whole village. We offer many commitment levels for families and churches to make the impact that matches their giftedness and passion.

## "FAITH Without Deeds is Dead." <sup>2:17</sup> James

The rainbow is a gift from God revealing His covenant of love, protection, and compassion. The Rainbow Network is an inter-denominational Christian ministry working to fulfill that covenant in one of the most poverty-stricken and desperate nations in the world: Nicaragua.

### A Monthly Gift of:

- \$30: One HS Student Scholarship
- \$84: Join a Village Sponsorship  
20 sponsors provide a village with nutrition, healthcare, and micro-loan opportunities for one year
- \$500: Allows a medical team to travel to multiple villages each month

### An Annual or One-Time Gift of:

- \$20,000: Become a Village Sponsor
- \$100,000: Build 25 homes

### Other Opportunities:

- Pray for Nicaragua & Rainbow Network
- Visit Nicaragua with Rainbow Network
- Participate in a school supplies or toy drive
- Volunteer with Rainbow Network
- Include Rainbow Network in your estate plan or donate stock, a vehicle, etc.

Contact our office to learn more about our programs, to make your commitment to this ministry, or to schedule a presentation at your church.

"For God so loved the world..."  
<sup>John 3:16</sup>

Sharing in the love of Jesus Christ by partnering with Nicaragua's poorest people in healthcare, education, economic development, and housing.

## Healthcare and Nutrition

“A hungry person has no ears.” Rainbow Network meets basic human needs through our nutrition and healthcare programs.

Portions of Nicaragua face a malnutrition rate of over 50%, and basic healthcare and medications are simply unavailable. Rainbow’s nutrition centers, combined with our skilled staff of Nicaraguan doctors and dentists, have cut malnutrition rates in our villages to 8%.

For those with conditions beyond regular clinical care, our Special Medical Needs program covers hospital and transportation costs.

## Housing

Stick huts with mud floors are homes for thousands of rural Nicaraguans. Rainbow Network builds safe, sanitary cement block houses to keep out torrential Central American weather.

Recipient families work alongside builders to construct their own homes and over time repay an interest-free Rainbow home loan, creating a sense of accomplishment and ownership. These homes often house extended families and are passed down from generation to generation.

## Education

Rainbow operates 400+ schools in rural Nicaragua serving 7,000+ students.

In rural areas, less than 10% of children can even write their own name, but our established education programs serve over 90% of a village’s children by teaching language, math, and social studies skills.

Our scholarship program (\$30/month) provides high school students with tuition and supplies to attend public school while developing their leadership skills through community service.

## Economic Development

In a country with unemployment over 70%, small businesses stimulate the local economy while generating profit and hope for the future.

Rainbow Network provides small, low-interest loans, or micro-loans, to foster economic development.

As loans are repaid, funds are redistributed as new loans; dollars donated to our economic programs are put to use again and again.
